

How to screen mirror my iPhone to an LG TV?

If you have an LG smart TV, download the **Mirror for LG Smart TV** app from the App Store onto your iPhone, then launch the app.

image-1639732243151.png

1. The app will search for and find your LG TV.
2. Select your TV, then tap Start Mirroring.
3. Next, select **Mirror LG TV > Start Broadcast**, and your TV will display your iPhone's content.
